

Pre-workshop Questionnaire

This tool is included in the Participant Guide and can be adjusted to reflect your context.

This questionnaire will help us to adjust the workshop to meet your needs and interests and those of your fellow participants.

What motivated you to take this workshop?

Are there any personal, cultural, or learning characteristics of the participants that we should take into consideration when planning for the workshop? Please tell us more:

What are you hoping to learn or gain by participating in the workshop?

What specific content are you hoping to see covered in the workshop?

Do you have any other comments or ideas for the workshop?
